

# Welcome To Clatsop College

## Veterans' Credits, Draft Deferments

All veterans must take 12 credit hours to be considered full-time students. Every veteran is responsible for reporting to the Registrar any credit-hour changes immediately upon change. When Certificates of Eligibility are received by the veteran, they are to be brought immediately to the Registrar's office for processing.

All men students 18 or over needing the Request for Student Deferment/Selective Service form 104 and also Student Certificate form 108, the Registrar's form stating the student is fully enrolled, should contact the Registrar immediately.

PRESIDENT PHIL BAINER

## To Clatsop College Students

To the Freshmen and returning Sophomores:

Greetings! I am delighted to have the privilege of welcoming you to Clatsop Community College. The faculty, board and administration share with me a keen sense of optimism, excitement and challenge in greeting you.

We are all looking forward to a rewarding year and would like for you to remember that we are here to serve you. The entire staff stands ready to offer any assistance that they can, and even though your stay here, in terms of years, is relatively short, we encourage you to make full use of the many opportunities that Clatsop Community College has to offer.

Phil Bainer  
President

## CCC's Opening Day Full Of Activity

Today is opening day 1970 at Clatsop College. Included in today's schedule is the Annual Orientation session set for 9:30 this morning in Patriot Hall auditorium. This meeting is for all students who are new to Clatsop College, and will provide these students with important information and announcements necessary for a successful school year.

Beginning at 1:00 p.m. this afternoon, a shortened class day will begin. Both new and returning students are expected to attend the shortened Monday classes, where notice of required textbooks, supplies, and advanced assignments will be provided.

The classes will meet for 15 minutes, and there will be a five-minute break between classes. The regular class schedule will begin on Tuesday, tomorrow.

This afternoon's class schedule is as follows:

- Classes scheduled for 8:00 a.m. will meet at 1:00 p.m.
- Classes scheduled for 9:00 a.m. will meet at 1:20 p.m.
- Classes scheduled for 10:00 a.m. will meet at 1:40 p.m.
- Classes scheduled for 11:00 a.m. will meet at 2:00 p.m.
- Classes scheduled for 12 noon will meet at 2:20 p.m.
- Classes scheduled for 1:00 p.m. will meet at 2:40 p.m.
- Classes scheduled for 2:00 p.m. will meet at 3:00 p.m.
- Classes scheduled for 3:00 p.m. will meet at 3:20 p.m.
- Classes scheduled for 4:00 p.m. will meet at 3:40 p.m.

## Variety Of Clubs Offered To Clatsop Students

Striving to aid students both academically and socially, Clatsop College sponsors several clubs.

Dedicated to recognizing outstanding scholars is CCC's Pi Phi Chapter of Phi Theta Kappa, the nationwide honorary for community colleges. Members must have a 3.5 GPA to enter and maintain a 3.0 GPA after entrance. The chapter's largest project of last year was sponsoring a countywide "Name the New Library Contest".

Perhaps one of the most ac-

tive clubs on campus is AWS, the Associated Women's Students. Open to all college women, the club provides a great service to the school, as its members serve at all college banquets, as well as at the refreshment counter at home basketball games.

Clubs springing from curriculum areas include the Helmsmen Club, for Maritime Technology students, the Livestock Tech Club, the Science Club, and Forestry's Timber Techs.

## Finance Problems? Help Is Available!

Students in need of financial aid to continue their education will find help in various forms available through the Office of Student Affairs. Programs administered by the college include federally funded Work-Study and Educational Opportunity Grant programs and the National Defense Student Loan program.

To be eligible a student must: 1) be able to show need, 2) carry a full-time class load, 3) maintain good academic standing.

"The first step in qualifying for financial aid is to establish need," said Counselor Bruce Lower. "This is usually done through a Parents' Confidential Statement, available in the Office of Student Affairs."

"If a student is married or self-supporting, however, a statement of his own financial status will be needed."

Under the federal Work Study program a student may work a maximum of 15 hours per week at \$1.60 per hour. He must carry a class load of at least 12 credit hours in Liberal Arts or 15 clock hours in Vocation-Technical courses. Jobs include secretarial work, maintenance, bookstore, library and other help needed by the faculty or administration of the college.

National Defense Student Loans have the same basic eligibility requirements as the Work Study program. In addition the student must make separate application for the loan, furnish three references, sign oath and allegiance to the United States and legal note for the amount borrowed. A maximum of 10 years at 3% interest is allowed to pay back the loan.

Students interested should contact Mr. Lower in the office of Student Affairs.

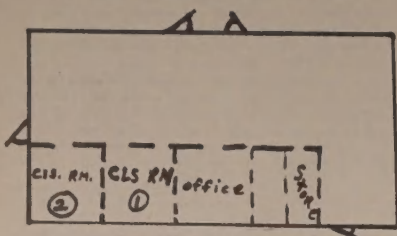

## THE FACULTY

### Who's Who And Who's Where

<b>ADMINISTRATION:</b>	
Philip L. Bainer, President	P231
Earl Craven, Dean of Students	T201E
Paul See, Dean of Instruction & Director of Transfer Ed.	T204
Dr. Jackson Hargis, Assistant Dean of Instruction & Director VocTech Ed.	VT15
Orrville McGunigal, Business Manager	P220
Ronald C. Collman, Director of Evening & Summer School	P222
Roberta Anderson, Director of Library Services	Lib 302
<b>SERVICE PERSONNEL:</b>	
Magdalene Bruland, Assistant Librarian	Lib
Sally Condit, School Nurse	P225B
Fred Eflaw, Audio Visual Supervisor	Lib209
Vera Gault, Women's Counselor	T201F
Susie Hunt, Bookstore Manager	Bkstr.
Betty Kurle, Cafeteria Services	Caf.
Bruce Lower, Men's Counselor	T201D
Henry Lunki, Supervisor Buildings & Grounds	Maint.
Jewell Manspeaker, Registrar	T201B
Bruce Moyer, Data Processing Services	T105

<b>INSTRUCTIONAL STAFF:</b>	
Melvyn Berens, History, Western Civ.	T203B
Dan Bergeron, Oceanography	T102B
Sally Breiter, Foreign Languages	T212
Jack Brown, Athletic Director	P225C
Ernie Davis, Engineering	VT13
Donald Doumit, Political Science	T202A
Edward Dubois, Physical Science, Physics	T102C
Jerrold Elsbree, Marine Technology	T102A
Mary Gabriel, Health, Physical Ed	P225B
Roy Garrison, Art	Lib103
Vera Gault, English	T201F
Tom Gentle, English	T208C
Lehman Hall, Physical Ed	P225C
John Holmstedt, Business	T303B
Don Johnston, Electronics	VT14
Tom Langan, Drafting	VT5
Ray Lerbach, Auto Mechanics	IM
Margaret McCarter, Biology	T309
Lois Morford, Psychology - Sociology	T211
McKean Morford, Anthropology - Geography	T202B
Bruce Moyer, Data Processing	T105
Jim Mullins, Law Enforcement	VT6
Henry Norling, Machine Shop	VT24
Otto Olson, Forestry	VT12
George Phillips, Business Administration	T303A
Cyrus Righter, Livestock	VT10
John Rupp, English	T208A
Ruth Saxberg, Secretarial Science	T308A
Don Scallan, Speech	T208B
George Schulenburg, Business Administration	T303C
Al Schultz, Welding	IM
Ralph Seefeld, Chemistry	T202A
Ellen Shannon, English	T208C
Milford Stevens, Math	VT11
Grant Swan, Physical Ed	P225C
Geraldine Swenson, Math	T210
Art Vaughn, Music	P225A

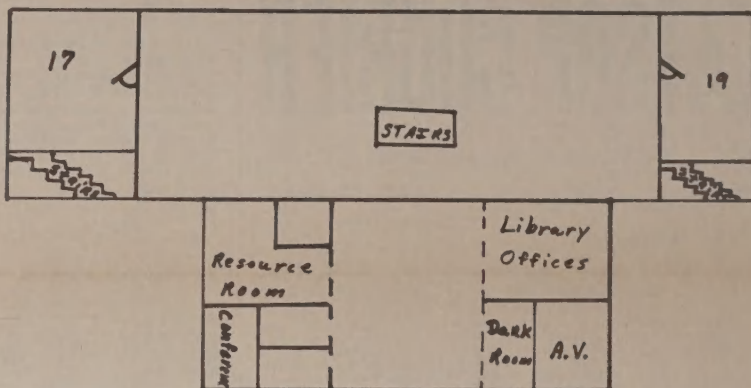

# INDUSTRIAL MECHANICS

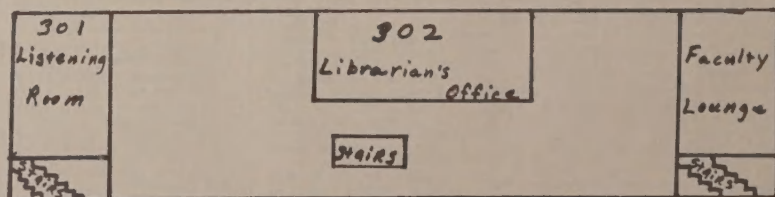

# VOCATIONAL — TECHNICAL

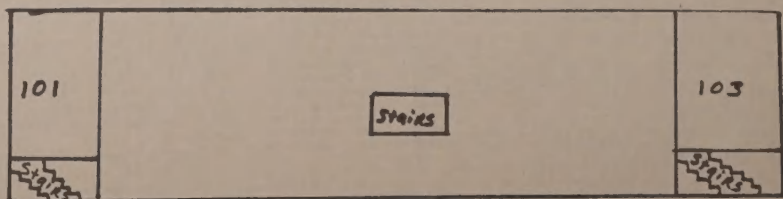

# LIBRARY — FIRST FLOOR

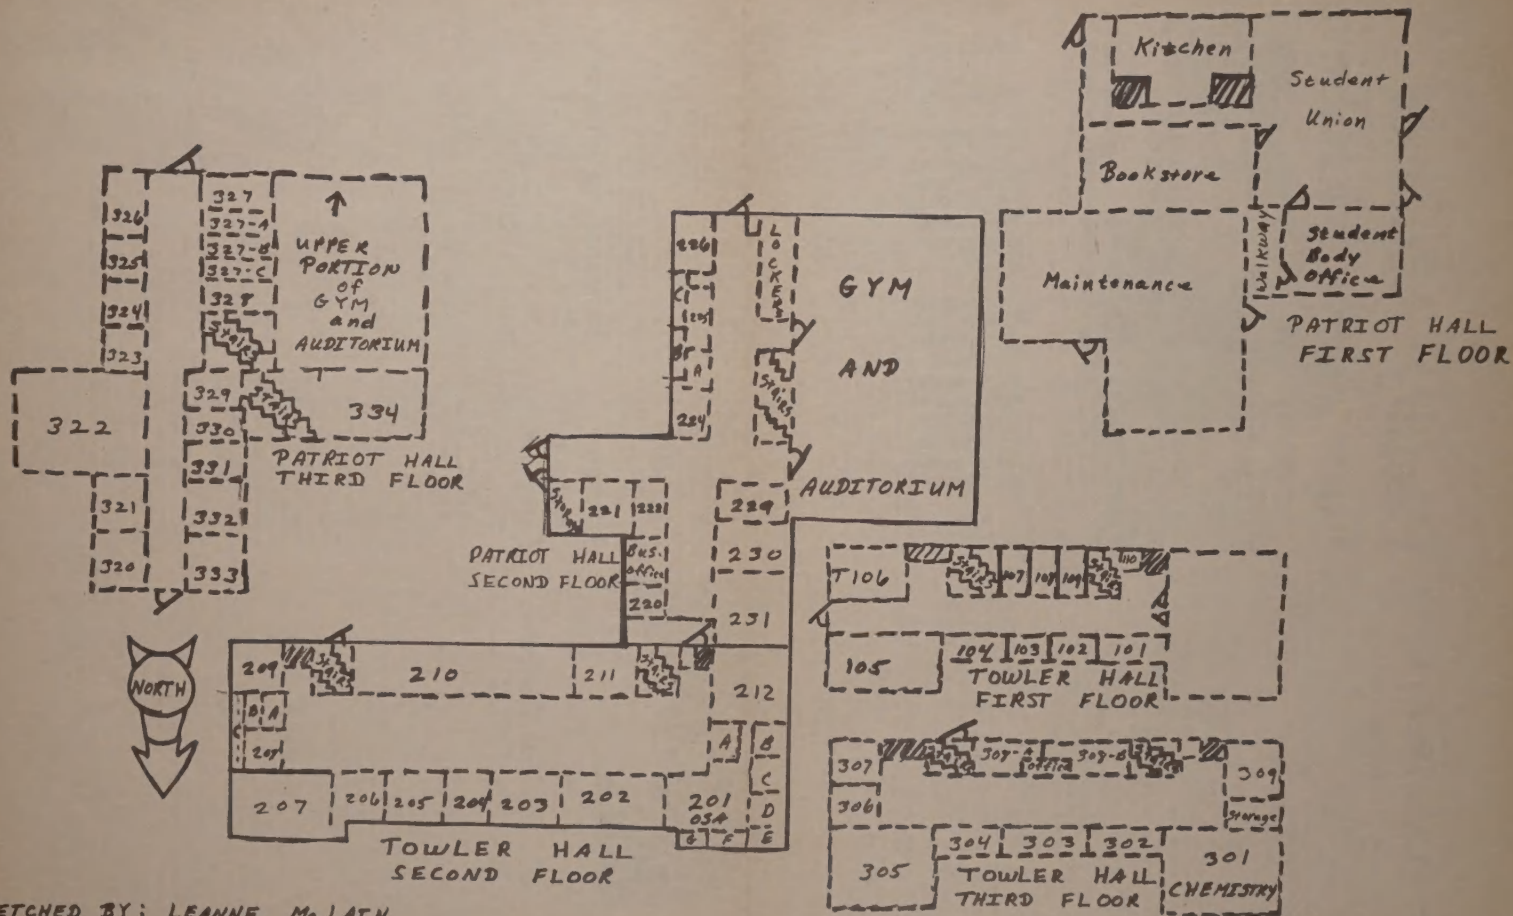

# SECOND FLOOR

# THIRD FLOOR

SKETCHED BY: LEANNE Mc LAIN

## New Library Ready For Use

Long a dream, and now a reality, is Clatsop College's new library building, ready for occupancy this fall. The three-floor building, entitled the Dora Badollet Library, was named in honor of one of Astoria's early-day teachers and librarians.

She helped start the Astoria Public Library in 1892, and served on the Astoria High School teaching staff and library board for 46 years.

The two upper floors serve as headquarters for the many volumes of books in CCC's possession, as well as housing a resource center, conference rooms, and faculty lounge. In addition, the college's study skills center,

under the direction of Mr. Fred Eflaw, will be located in the library building.

The lower floor, though not completely finished, will serve as home for CCC's rapidly expanding Art department. Future plans include a Voc-Tech library on this floor.

The library is open for use from 8:30 a.m. to 5:00 p.m. and from 6:00 p.m. to 9:00 p.m., Monday through Thursday, and from 8:30 a.m. to 4:30 p.m. on Fridays.

Roberta Anderson serves as librarian at Clatsop College, assisted by Magdalene Bruland. In charge of audio-visual functions is Fred Eflaw.

### Clatsop Courier

Exclusive publication of the Associated Students of Clatsop Community College. Published bimonthly except during vacation and examination periods.

Managing Editor  
JIM BIGGS

Associate Editor  
LEANNE McLAINE

### Editorial Opinion

In order to further its position as a student publication, the Clatsop Courier encourages "editorial feedback", in the form of Letters to the Editor, from students, faculty, and the college community.

The opinions expressed in the Clatsop Forum remain those of the writers, and do not necessarily reflect the views of the Clatsop Courier, faculty or administration of the college.

Letters should be submitted ten days before publication date, must carry name and identification, and should not exceed 300 words.

The next issue will be published October 6, 16 letters should be left in the hands of the editor by October 6. All letters may be left in the Newsroom (P325).

Kent Israel, Greg Miller, Carol Lettenmaier, and Shawn Korhonen planning for the Fall Convention.

## CCC To Host Convention

Kent Israel, Greg Miller, Carol Lettenmaier, Shawn Korhonen, and William Hussey started off the new school year two weeks early with a meeting of the Oregon Community College Association. This meeting was held to plan the OCCA Fall Convention, which will be hosted by Clatsop College, October 15-17.

Registration for the convention will begin on Thursday night, October 15, from 7-9 p.m.

in the Student Center, as well as Friday morning from 9-10 a.m.

Friday's highlight will be a beef barbecue at 6:00 p.m., and a folk singing presentation at 7:00 that evening.

Saturday evening a banquet is planned, and a big dance will follow that, with music by the "Surprise Package." All students are invited to attend both the banquet and the dance.

## THE COURIER WANTS YOU!

The Clatsop Courier is the exclusive publication of the Associated Students of Clatsop Community College, and is published twice monthly, except during examination and vacation periods.

Students having past experience in advertising, headline writing, photography, feature or sports writing are welcome and encouraged to join the staff. There are several positions remaining to be filled.

Students interested in journalism, but lacking experience, may enroll in J216-Reporting and J215-Journalism Lab.

Serving as Clatsop Courier editor for 1970-71 is Jim Biggs, a reporter and make-up editor

on last year's staff. He also served as editorial editor for the Tilla-Hi-Lites, at Tillamook High School during 1968-69, and is student manager for CCC-TV-7, Clatsop's closed-circuit television installation.

The Courier encourages students participation in publication, and in creative art as well. Poetry, short stories, cartoons, photography, and compositions will be used as space permits. Freshmen and sophomores are invited to contribute to the first edition, set for publication October 16. Deadline for copy is October 6 in the Newsroom (P325).

# Faculty Acquires Four New Members

Four new faculty members for Clatsop Community College have established residence in the community and are getting acquainted with their new duties on campus.

Dr. Jackson Hargis becomes assistant dean of instruction and director of the vocational-technical division at the college. He will coordinate his efforts with those of Paul See, dean of instruction and director of transfer education, to develop an extensive and comprehensive instructional program for the college. Dr. Hargis comes to Astoria with a broad background for his assignment. He is a graduate in marine engineering from California Maritime Academy, has his master's degree from San Francisco State, and his doctorate in education from the University of California at Berkeley. Dr. Hargis, the author of several monographs in scientific and administrative fields, has most recently served as administrator in Sacramento (Calif.) public schools. Dr. Hargis, his wife, and their three children are occupying the Gearhart home of former Clatsop president, Dr. Stewart McCollum.

Cyrus R. Righter, trained at Iowa State University, is employed at the college as instructor in vocational agriculture. In advanced work, he has specialized the economics of agriculture. Mr. Righter spent several years as quality control supervisor for Kraft Foods in the dairy products division, and for 18 years he has been branch manager of the Western Farmers Association, directing many

New instructors at CCC include (from left), Bruce Moyer, Cyrus Righter, Dr. Jackson Hargis, and Mrs. Sally Breiter.

of their Northwest operations. Mr. and Mrs. Righter, whose three children are grown, have sold their home in Salem. Mrs. Righter will join her husband in Astoria as soon as they have located a home here.

Mrs. Sally Breiter comes from Los Angeles to Clatsop College as instructor in French and German. She was born in Antwerp, Belgium, and has taught in refugee communities in Switzerland. With a BA degree from the University of California at Los Angeles, she received her master's degree from UCLA in June 1970. Her family is comprised of a son and daughter who teach in Los Angeles and her husband, Bert, who will join her here when he has disposed of his real estate business in Los Angeles. Mrs. Breiter has established her home in the Illabe apartments.

Bruce C. Moyer, instructor in business and data processing, will also be in charge of data

processing services for the college. Born in Heppner, Oregon, Moyer received his BS degree at Eastern Oregon College of Education at LaGrande, later teaching in Redmond (Ore.) and LaGrande high schools. He received his Master of Science degree in business administration this summer at the University of Montana, where he had been awarded a special fellowship for advanced work. The Moyers, with their two children, ages three and seven, have established their home at Sunset Beach, Warrenton.

New faculty members and their wives were honored at a luncheon at the historic home of Mrs. Vera Gault, college counselor. Members of the administration and their wives were hosts and hostesses for the affair at the conclusion of a tour of points of interest in and around Astoria, conducted for the newcomers by faculty president, Otto Olson and his wife.

## Maritime Program Expanding

That the maritime science program at Clatsop Community College is attracting wide attention is evidenced by the fact that students from as far away as the Atlantic seaboard are already arriving for the fall term. Admission has been granted to students listing Massachusetts, Pennsylvania, Florida and Wisconsin as their home states.

Captain Jerry Elsbree, marine instructor, states that Astoria's fortunate geographic location plus the encouragement and support of local leaders in the maritime industries have combined to make Clatsop's the most complete marine technology program offered on the West Coast and unique in community colleges anywhere in the nation.

Another feature unique to this year's program is the early admission of five young women who will register as full-time marine tech students. Others have inquired about adding oceanography as an elective.

Because of the expansion of the department, Captain Elsbree and Jim Bergeron, oceanography instructor, find that they need help in conducting the oceanography lab class. Ac-

## Landscaping Underway

Landscaping and campus improvement at Clatsop Community College is getting special attention this fall with the completion of the library building. Several public-spirited organizations have contributed materials to get new lawn areas into condition for planting. Astoria Plywood donated a good supply of fibrous topsoil. Western Farmers Association, through

contacts made by new faculty member Cy Righter, a 19-year employee of Western Farmers, contributed grass seed to sow the recently leveled lawn areas.

Forty azalea plants have been set out as a foundation planting at the Voc-Tech building. Business manager Orville McGinnis reports that he has found a supply of spreading jumpers which the college can buy for 20¢ of the commercial price because the land is to be cleared. These will be used to cover slopes too steep for grass.

Henry Lunk, grounds superintendent, is supervising the work-study students who have been clearing out weeds and rocks so that further plantings can be made according to the master plan developed last year by a faculty-student committee. One feature of the long-range plan is the development of a botanical gardens trail to extend from the east parking lot to the Astoria Column. Some clearing on the trail has been done by students under the direction of faculty member, Ernest Davis. Plant identification will be a project of the biology classes taught by Miss Margaret McCarter.

Improvement to parking lots and entrances is being studied with city engineer, Bruce Clausen, helping as consultant.

### STAFF

BILL HUSSEY  
Photography

GARY KAUFMAN  
Layout Assistant

cordingly, they are looking for an ocean-licensed operator to skipper the college-owned Sea Duec on Tuesday and Thursday mornings. License requirements are for up to 40-ton operation and for third class radio-telephone operation.

Students wishing more information about the maritime science courses and operators wishing to apply are invited to contact Captain Elsbree or Bergeron by phoning 325-0010, ex. 66, or by calling at the marine tech department on the first floor of Towler Hall.
